WEEK OF FEB. 26: "TRUE LIFE" - JOHN 4:46-5:17

1. What from the message this weekend encouraged you, challenged you or spoke to you most and why? What applications for your life did you learn?
2. From this week's Scripture, what encouraged you, challenged you or spoke to you most and why?

A DEEPER LOOK

3. These are Jesus' 2nd and 3rd signs in John. Signs and are meant to point us to Jesus and make us aware of God's reality, but they are fruitless unless they lead to belief, which is John's goal in writing (John 20:21). Why do you think people who experience signs and miracles remain in unbelief like the lame man at the pool?
4. We can see a progression in the official's response to Jesus— from seeking signs and wonders (4:48), to taking Jesus at his word (4:50), to believing (4:53). There is a maturing of faith that happens for the official. Have you ever walked through a time like the official, where there was a maturing of your faith? If you're comfortable, share about it with the group.
5. Jesus asks the man by the pool, "Do you want to get well?" (5:6). A beggar often loses a good living by being cured. Cure has implications, especially when a whole way of life has been built around it. Are there places in your life where Jesus is asking you the same question?

TAKING IT HOME

6. Are there places that you are expecting God to do a sign or miracle? How can you trust him regardless of whether He does it or not?
7. Often Jesus heals and moves in unexpected ways— the officer's son was healed from a distance and the lame man was never dipped in the pool. How can you recognized that the Lord is working and healing even when it doesn't happen the way you expected?
